

Healthy Chick® Healthy Skin Cleanser

STEP 1 IN THE SKINCARE SYSTEM

INGREDIENTS: PURIFIED WATER, MAGNETICALLY-CHARGED PARTICLES, VEGETABLE GLYCERIN, ALMOND OIL, CASTOR BEAN OIL, ROSEMARY, ALOE VERA, ROSE, ALFALFA, KELP, FLAXSEED OIL, HORSETAIL, WALNUT OIL, AGRIMONY, BORAGE, CATNIP, CHAMOMILE, CHERVIL, COMFREY, SWEET FENNEL, FEVERFEW, HEALTHY CHICK FLOWER ESSENCE BLEND,[™] AND GIRL POWER!

The Healthy Chick® Healthy Skin Cleanser is a detoxifying, rejuvenating, age-defying gift for all skin types. This pH balanced formula cleanses without detergents or other harmful ingredients commonly found in skincare products. All Healthy Chick® ingredients are natural, identifiable, vegan, cruelty-free, gluten-free, non-GMO, and organic or better. Every ingredient in our cleanser has a specific cleansing or medicinal benefit, and all are plant-sourced without adulteration. Because there are no fillers in the Healthy Skin Cleanser, a little goes a long way.

The strong cleansing properties of our Healthy Skin Cleanser come from ingredients with antimicrobial and antiseptic properties. This formula is replete with mild astringents like rosemary, horsetail, agrimony, and catnip, and detoxifiers, such as castor bean oil, kelp, and sweet fennel that draw out impurities from the skin to leave your skin radiantly clean. These cleansing and detoxifying ingredients further promote healthy and natural skin processes that include ridding skin of dead cells and buildup and improving circulation.

The age-defying and rejuvenating properties of Healthy Chick® Healthy Skin Cleanser come from the many antioxidant-rich ingredients that fight and repair damage from free radicals, sun exposure, environmental stress, and natural aging. The essential fatty acids contained in flaxseed and walnut oil improve the elasticity of your skin, while ingredients like walnut oil, sweet fennel, and rosemary increase blood circulation that promotes healthy cell activity and new cell growth. Similarly, the hormones contained in aloe vera – called “the Plant of Immortality” by ancient Egyptians – promote the growth of new cells and have rejuvenating, healing properties. The enzyme activity in horsetail further supports collagen formation to maintain tight, wrinkle-free skin.

Maintaining the natural pH balance of your skin is extremely important to support your skin’s natural defense against pollutants and retain its natural moisture. A healthy pH also allows the soothing and healing ingredients of skincare products to be more readily absorbed. Our cleanser is pH balanced to support the desired 5.5 pH balance of healthy skin. Free of artificial ingredients and detergents, Healthy Chick® products cleanse without destroying the proper pH and include rose to help maintain a natural pH balance.

No all-encompassing skincare product would be complete without strong emollient properties. The nutrient-rich oils and herbs – from both land and sea – in our Healthy Skin Cleanser contain the essential fatty acids, essential minerals, and vitamins B and E (among others) that support soft, supple, moisturized skin. These nutrients not only soften, but can even out skin tone and improve the complexion, especially when paired with the mild astringents and antioxidants mentioned above.

Healthy Skin Cleanser is designed for all skin types, including sensitive skin. The all-natural ingredients contain mild astringents, anti-inflammatories, and antimicrobials that can improve chronic skin conditions such as acne, eczema, psoriasis, and rosacea. Our cleansing ingredients are replete with natural anti-inflammatory properties, combating the most common problems in dermatology. At the same time, the emollient properties rejuvenate and soften dry skin, while rosemary effectively reduces oil, and kelp ensures a beautiful, natural shine.

This cleanser is further enhanced with magnetically-charged particles and the Healthy Chick Flower Essence Blend.[™] Magnetically charging particles is a special system of putting liquids in suspension so they last longer and can more deeply penetrate the skin for deeper hydration and nourishment. Our flower essence blend adds energetic properties that empower the Divine Feminine and improve body self-image. We assure you that your body, mind, and spirit will thank you!

Healthy Chick® Healthy Skin Cleanser will replenish your skin with vital nutrients and minerals, naturally cleanse and detoxify, and reduce the impact of stressors from the outside world. This gentle, pure formula leaves no residue, and will leave your skin supple and smooth. The results speak for themselves!
